

Miss Me with the Bs

B-Mike

Once again there we go. Back with all that petty shit you ain't letting go. You better kill that shit that's a burial.

You ass better come around that's a Merry-Go. You on same lame Ol'shit Everytime I come thru same Ol'shit
and even though I'm usually the type to deal with it I ain't playing those chips I ain't playing these games
witcho ass no more.

Better get ya stuff and hit the door. And if you ain't got no place to go. Better get ya plug on the telephone. Tell
him that ya nigga kicked ya ass out. Put you out the damn house. Cause ya wanna trip, wanna lie, wanna spaz
out.

Now ya got no ties, got no worries bout no man now. Hit whoever up in the DM's witcho ass out.

All I did was keep it 100 no lies. Got my ass home at a decent time. Bet you thought I would never be that guy.
And all I got was excuses and reasons why. Why couldn't I just see the signs? Bet ya miss me and that's for life.

So you can miss me.. Miss me with the bullshit. Miss me with the bullshit. Miss me with the bullshit. Miss me
with the bullshit.

Once again, Right on time. Hitting me with all them subs on ya timeline. Got like 3 of ya homegirls tryna tag us.

You might as well just put my name in ya status girl. Use to think you was the baddest girl. And now I ain't
even really tryna fuck with you, I'm done with you. Ya ass to god damn dysfunctional. And now you took away
from my Will on some Uncle Phill shit. And now you throwing shade on the internet. *Clap Clap* Had to throw
it back like a quarter back. *Clap Clap* Then you wanna follow me on Instagram. *Clap Clap* Hold up wait
that one deserves a bigger clap. *Clap Clap Clap Clap*

Remember when you took my whip and slit the shit? Thinking you gon' hit the switch and flip the script. Got
me singing with a head-cold. Hope you hear this with ya fake beat headphones, sing it now.

All I did was keep it 100 no lies. Got my ass home at a decent time. Bet you thought I would never be that guy.
And all I got was excuses and reasons why. Why couldn't I just see the signs? Bet ya miss me and that's for life.

So you can miss me.. Miss me with the bullshit. Miss me with the bullshit. Miss me with the bullshit. Miss me
with the bullshit.
