

# Dizzy f/Roy Ayers & Donald Byrd

## Sandra St. Victor

Everyone within my voice, listen up, donâ€™t hesitate  
We have got to make the choice to love, itâ€™s getting way too late  
First, choose to love yourself, let the rest come naturally  
Cause when you truly love yourself, youâ€™ll realize weâ€™re one, you see

Oh, oh, oh, oh, ah, yeah oh  
Canâ€™t you see  
Hear me calling out to you  
Yes we need more willing fools  
Cause I canâ€™t help being confused by all the suffering I see around me  
Aww, Iâ€™m feeling kinda dizzy

What have we to fear, we see the same things year to year  
The moon will rise the sun will set  
What you give you get  
Be free.... like a flower blossoming  
Be..... all your power lies within

Oh yeah, oh yeah, oh yeah, oh yeah oh  
Canâ€™t you see  
Hear me calling out to you  
Yes we need more willing fools  
Cause I canâ€™t help being confused  
Hear me calling out to you  
Said we need more willing fools  
Cause I canâ€™t help being confused  
Roy Ayers, play it, yeah right there

Oooh, hear me calling out to you  
We need more willing fools  
Cause I canâ€™t help being confused  
Do I give my love in vain  
Why are pure hearts in such pain  
Do I give my love too freely  
And when I give, will I give too easy  
Iâ€™m dizzy

Dizzy  
Iâ€™m dizzy, feeling kinda, kinda dizzy  
Make me so dizzy, so dizzy yeah oh  
Somebody tell me what going on round here

Whatâ€™s the meaning of life  
Whatâ€™s it all about  
Hey yeah eh eh eh tell me  
Oh Iâ€™m so dizzy  
Why it makes me so  
So, so, so, so, so, so,  
Mmm mmmm oooh hey

Who am I  
What am I why am I  
What am I supposed to do  
What am I doing here  
Yeah just bear with me yâ€™all now  
Oh ahh ah, ah ah ah oh ah  
Ahh ohhh oh
