Hustle Me

Uh Huh Her

I don't know what's wrong
Tell me what I've done to you
I don't know what you've been through here
Take it out on me
Take it out on everyone
Never take it on yourself
Through it
I fall through it
What you're doing to me
We fought through it
Do you want to hustle, they'll make you cry
They'll make you cry, they'll make you
Do you want to hustle, they'll make you cry
They'll make you cry, they'll make you cryAre you paid enough attention now
Swarmed by the lights
I don't know why they make you feel liked
Then again you never could get in with them
Now you begin where they end
Through it
I fall through it
What they're doing to you
You fall through it
Do you want to hustle, they'll make you cry
They'll make you cry, they'll make you
Do you want to hustle, they'll make you cry
They'll make you cry, they'll make you cry
