

Just For Now

Imogen Heap

Just for now, just for now, just for now
Just for now, just for now, just for now
 It's that time of year
 Leave all our hopelessnesses aside
 (If just for a little while)
 Dear, stop right here
 I know we'll follow the bumpy ride
 (I'm secretly on your side)
How did you know? It's what I always wanted
 Could never have too many of these
 Will ya quit kicking me under the table?
I'm trying, will somebody make us shut up about it
 Can we settle down please
 It's that time of year
 Leave all our hopelessnesses aside
 (If just for a little while)
 Dear, stop right here
 I know we'll follow the bumpy ride
 (I'm secretly on your side)

 Bite tongue, deep breaths
 Count to ten, nod your head
I think something is burning now you've ruined the whole thing
 Muffle the smoke alarm
Whoever put on this music had better quick, sharp, remove it
 Pour me another, oh, don't wag your finger at me
 It's that time of year
 Leave all our hopelessnesses aside
 (If just for a little while)
 Dear, stop right here
 I know we'll follow the bumpy ride
 (I'm secretly on your side)
 Get me out of here
 Get me out of here
 Get me out of here
 Just for now
