

Glow (feat. Wendy Page)

A Guy Called Gerald

Wendy Page:
Your eyes are saucer wide
 Staring at the sky
 What you looking for
 Don't waste my time
 How can you find your voice
When you let the cat get your tongue
Don't you know when the night comes
 I can glow
 The things I know
 Brighter than the moonlight
 You can shine your light for two
 All these feelings in my heart for you
 Glow
 Yeah yeah ho ho
I landed somewhere in the future
 Behind the door
 I found I can love
 I wasn't even looking for
 I broke into a sweat
 Asking if you're there yet
 Let's colonise this place
 And fix the human race
 Before it gets too late
Don't you know when the night comes
 You can glow
 The things you know
You bring light gifts into my home
 Shine brighter than starlight
 Oh your light for two
 Feeling in my heart for two
 You will find me blindfold
 I can glow
 Yeah yeah
These things I know
 I can glow
I know the power of darkness
 Light is the night
 Knowledge is the key

To all we do and see
Peace and serenity
Are the flowers of our acceptance
Yeah
These things I know
You can glow
These things you know
Shine brighter than the moonlight
Shine your light for two
All these feelings in my heart for you
Glow
Your gifts you bring into my heart
My heart
These things I know
