The Pond

Among Giants

And even though we've known each other for two weeks I can say,
That in that time,
Things move fast,
And I know that I'll probably never see you again,
But I'm sure that that's the way it's meant to be,

And if you take me as,
A goddamn fool,
Then I promise you dear, you'll be mistaken,

Late nights and smokey eyes that fill my mind with better times,
And I remember how stupid I felt,
When you stayed up late talking and watching your favourite bands that I probably won't remember,

And if you take me as,
Anything,
I just hope I'm not your bloody mistake,

Across the pond you go,
Across the pond you go,
Four thousand miles to your home,
Across the pond you go,
To your life of mutiny and getting fucked up,

And if you take me as,
Your American fun,
At least I can say it felt pretty good, too
