

# Heavenly Father (Young, Gifted and Black Outtake)

## Aretha Franklin

[Chorus]  
Heavenly Father  
You're the One We're Waiting on  
Because without you there's no way that I can stay strong  
I can't go on any longer on my own  
So hear me when I say  
Heavenly Father, we need your help today Dada ding ding ding  
I'm ringin your bell  
Yes it's me  
Come on now let me in  
I've got to see you  
And no one else will do  
I need your help You said if ever there was a time a time I needed you  
You would come through  
Yes if ever there was a time and time we needed you  
You know that it's everyday every way [Chorus] Lord I'm sorry for all the wrong I've done  
And you say, you know it really doesn't matter at all  
I'm gonna make it  
'Cause Your word said I could  
And I believe You said if ever there was a time a time I needed you  
You would come through  
Yes if ever there was a time and time we needed you  
Yes if ever there was a time and time we needed you  
You know that it's everyday every way [Chorus]
