Angels (PACES BOOTLEG)

The xx

Light reflects from your shadow
It is more than I thought could exist
You move through the room
Like breathing was easy
If someone believed meThey would be
As in love with you as I am
They would be
As in love with you as I am
They would be
As in love with you as I am
They would be
In love, love, loveAnd everyday
I am learning about you
The things that no one else sees
And the end comes too soon
Like dreaming of angelsAnd leaving without themAnd leaving without themBeing
As in love with you as I am
Being
As in love with you as I am
Being
As in love with you as I am
Being
As in love, love, love
Love, love, love
Love, love, loveAnd with words unspoken
A silent devotion
I know you know what I mean
And the end is unknown
But I think I'm ready
As long as you're with meBeing
As in love with you as I am
Being
As in love with you as I am
Being
As in love with you as I am
Being
As in love, love, love
