

Real Real

Anne Robertson

I say, real, real
Our love is real to me
It thrills me
With perfect liberty
When you tell me you love me
And you hold me and kiss me
Then I know it's real, real
It's so real to me
I say, real, real
Our love is real to me
Please thrill me
With your kisses sweet
Tell your papa and your mama
One day soon we're gonna
Have a great weddin' day
It's so real to me
I say, real, real
Our love is real to me
It gives me perfect liberty
When you tell me you love me
And you hold me and kiss me
Then I know it's real
It's so real to me
I say real now, real
It's so real to me
Please thrill me
With your kisses sweet
Tell your papa and your mama
One day soon we're gonna
Have a great weddin' day
So real, so real
So real, so real
It's so real, so real
It's so real to me
