

# Miracle

## Under The Flood

She never wanted no she never wanted it to be  
Another loss, another regret  
It's been so long that I've become another memory  
Losing Progress Hide come quickly she's a criminal  
And she knows it all too well  
I, I'm addicted I need a miracle I'm helpless, from the way she looks at me  
She's hopeless, and it pulls me underneath  
I never wanted no, I never wanted it to be  
Another waste, another regret  
It's been so long that she's becoming all that I can see  
And I'm fading. Never thought that we'd become this lost Hide come quickly she's a criminal  
And she knows it all too well  
I, I'm addicted I need a miracle  
Who's watchin over me?  
Tonight we'll give this life another try  
This time we'll draw outside the lines  
You'll be safe when it's over. She's helpless  
But I'm patient  
And she's hopeless [Chorus]
