

Time for Love

Chris Brown

Oh yeah, yeah
Oh yeah
Go This may be my last time
So I'mma do whatever
This may be my last chance
For me and you together
I can be your honeycomb
And we can fly together
You're so sweet, I taste it baby
I just, I just I wanna see you putting it together like a number
Multiply the times we done took it, our love
But maybe, we should just add up our love
I know you heard, your kiss drives me crazy, babe
We don't have to fake this shit when we're loving
'Cause the other ones got it and they be lying about it
Can't live a day in the life
Just do what you you like Do what you like
Do what you like
Do what you like
Come on baby, it's your world I wanna live in
And I'm loving this feeling
Do what you like
Do what you like
Do what you like
Just like that, girl I know you like that
And we only got time to love This won't be my last chance
So I'mma do whatever
It takes to get you out of here
So I'ma be smooth and clever
Let me get in your comfort zone
Girl we can move together
Spinning 'round, I got you baby
I just, I just I wanna see you putting it together like a number
Multiply the times we done took it, our love
But maybe, we should just add up our love
I know you heard, your kiss drives me crazy, babe
We don't have to fake this shit when we're loving
'Cause the other ones got it and they be lying about it
Can't live a day in the life

Just do what you you likeDo what you like
Do what you like
Do what you like
Come on baby, it's your world I wanna live in
And I'm loving this feeling
Do what you like
Do what you like
Do what you like
Just like that, girl I know you like that
And we only got time to loveDo what you like
Do what you like
Do what you like
Come on baby, it's your world I wanna live in
And I'm loving this feelingDo what you like
Do what you like
Do what you like
Just like that, girl I know you like that
And we only got time to loveSaid we only got time (we only got time to love)
We, we only got time (we only got time to love)
To love, to love (and we only got time to love)Said we got time
Do what you like
Do what you like
Do what you like
Come on baby, it's your world I wanna live in
And I'm loving this feeling
Do what you like (baby)
Do what you like (baby)
Do what you like
Just like that, girl I know you like that
And we only got time to loveDo what you like
Do what you like
Do what you like
Come on baby, it's your world I wanna live in
And I'm loving this feeling
Do what you like
Do what you like
Do what you like
Just like that, girl I know you like that
And we only got time for loveYeah, time to love
Said we only got time to love
Said we only got time to love
Baby
