

# Evil (Is Going On)

## Monster Magnet

Yeah You're a long way from home and you can't sleep at night  
Grab your telephone now somethin' ain't right  
And that's evil, evil Going home baby, yeah  
I said I'm warnin' you brothers  
You'd better watch your happy home, yeah, yeah Long way from home and you can't sleep at night  
Feels like another mule's kickin' in my stall  
And that's evil, evil Going out baby, yeah  
I said I'm warnin' you brothers  
You'd better watch your happy home  
Watch your happy, watch your happy, happy home, yeah You're a long way from home and you can't sleep at  
night  
Feels like another mule's kickin' in my stall  
And that's evil, evil Going home baby, yeah  
I said I'm warnin' you brothers  
You'd better watch your happy home  
Watch your happy, watch your happy, happy home Evil yeah, evil right  
Evil yeah, evil now  
Yeah, yeah, yeah  
Yeah, yeah, yeah
