Time To Move On

TimsDepartment - Time To Move On

i dared you!
to make it right
i dared you!
to make it wrong!
but we shouldn't care
it's time to move on

now, we know our way
we found ourself
nothing to regret
yeah, it's time to move on

i'm home i'm free
its seems so unreal
with you on my side
no pain far and wide

i play for you
your favorite song
about our fight
and time to move on

a long time ago
negative thoughts
i always said to you
we have to move on

on oooooh on oooh on
on
