My Heart

Troop

They say that good things come to those who wait
and I've been waiting for awhile
To try to find a special lady
someone that has your styleI thought I had you in my pocket, girl
zipped up tight and secure
But then somehow our love just slipped away,
for the pressure has been more than I can endureCHORUS:My heart will always be the same
My heart for you could never change
My heart will be this way without you,
it's just another lonely dayJust like a long shot, my heart was up for grabs
I know that I was taking a chance
And then you left me like I knew you would,
and take away my one and only romanceMy heart will always be the same
My heart for you can never change
My heart will be this way without you,
it's just another lonely dayMy heart will always be the same
My heart for you could never changeWhat happened to our love?
Where did it go?
Won't you please tell me,
'Cause I don't knowAll the love (all the love)
and all the kissing (all the kissing)
Out of my life
was what I've been missingMy heart will always be the same (yeah)
My heart for you could never change
My heart will be this way without you,
it's just another lonely dayMy heart
My heart
My heart
Without you
It's just another lonely day
