## **Michael Franti & Spearhead**

The sound of the weapon called a microphone  
Bring the revolution on  
Broadcasting till the early morn' and  
Pirate radio rockin' it on Revolution on the dance floor  
Tell me what you're fightin' for  
Because this DJ gonna keep you alive  
Forget about your troubles and your 9 to 5 With the rhythm of the funk  
The pump the bump, people have you arrive  
From the place you left, trying to forget  
All the things you sweat The jobs, the bills, the phone, the spills  
Somebody hand you a hand full o' pills  
So you hold em up, pop 'em down Your head's like record going gonk a gonk  
The beat keeps bumping pound for pound  
And the whole wide world try to beat you down But soundsystem, here's a warnin'  
Soundsystem turn it on  
And soundsystem microphone  
And Babylon system soon come down Soundsystem, here's a warnin'  
Soundsystem turn it on  
And soundsystem microphone  
And this system gonna rock this town Drug dealers teachers preachers  
Are all believers, stock brokers  
Law inforcers, late night cokers  
Arms dealers, man stealers Big wheelers, three piece stealers  
Also politicians
