They All Surrounded Me

Eisley

I gathered my thoughts and sat out on a trail
into the woods, wearing sword and chainmail
I started to whistle and walk to the beat
that my heart played constantly on repeat
The nightfall was chilly, I slumbered right where I fell
dreaming up adventures cause' I had none to tell
Upon the morning, I woke with a start
for the beasts had blackened the horizon
They all surrounded me, they all surrounded me,
that's when the giant dragon jumped over the hill
and he said
He said, "no, no, no, no, no, no way sir,
no, no, no, no, no, not today sir,
you won't surround me, you can't surround us."

(repeat whole song, then)
Oh.....
They all surrounded me...
They all surrounded me...
They all surrounded me...
They all surrounded us...
That's when the giant dragon jumped over the hill
and he said
He said, "no, no, no, no, no, no way sir,
no, no, no, no, no, not today sir,
you won't surround me, you can't surround us."
