

# Church Bells

## Escapists

Let church bells ring  
let children sing  
even if they don't know why  
let them sing  
why drown their joy  
stifle their voice  
just because you've lost yours  
may all jaded hearts be healed.  
Amen. Let all men dance  
lift up their hands  
even if they are naive  
let them dance  
you've seen it all  
you watch them fall  
wash off your face and dance May all weary hearts  
be filled with hope  
Amen.
