

# Mindfields

## Prodigy

This is dangerous  
Open up your head filled with shell shock  
This is dangerous  
I walk through mindfields, I watch your head rot This is dangerous  
Open up your head filled with shell shock This is dangerous  
Open up your head filled with shell shock  
This is dangerous  
I walk through mindfields, I watch your head rot This is dangerous  
Open up your head filled with shell shock  
This is dangerous  
I walk through mindfields, I watch your head rot I watch your head rot This is dangerous  
Open up your head filled with shell shock This is dangerous  
Open up your head filled with shell shock  
This is dangerous  
I walk through mindfields, I watch your head rot This is dangerous  
Open up your head filled with shell shock  
This is dangerous  
I walk through mindfields, I watch your head rot Best shot, best shot  
I walk through mindfields, yeah  
Best shot, best shot, best shot, best shot  
Best shot, best shot, best shot I walk through mindfields, I watch your head rot  
I walk through mindfields, I watch your head rot  
Best shot, best shot  
I walk through mindfields, I watch your head rot  
I walk through mindfields, I watch your head rot  
Best shot
