From Here To Eternity

Giorgio Moroder

From here to eternity, that's where she takes me
From here to eternity, with love, with love, with love

Baby, baby, baby gives me loving,
Leaves me meaning nothing, nothing left to mean
Baby, baby, baby's got me sighing
Nearly has me dying, dying off to me

From here to eternity
That's where she takes me
Frome here to eternity
She does, she does, she does, she does
From here to eternity
That's where she leads me
From here to eternity
With love, with love, with love, with love

Baby, baby, baby makes me feel good
Feels good now she makes me, love me once again
Baby, baby, loving her is easy
Easy how she loves me, love me once again

From here to eternity
That's where she takes me
From here to eternity
She does, she does, she does, she does
Frome here to eternity
That's where she leads me
From here to eternity
With love, with love, with love, with love

From here to eternity
That's where she takes me
From here to eternity
She does, she does, she does, she does
From here to eternity
That's where she leads me
From here to eternity
With love, with love, with love, with love

From here to eternity
That's where she takes me
From here to eternity
With love, with love, with love

Baby, baby, baby, baby
