Incinerate

Elysia

Yeah!
And in the end you will be laid to rest where you belong
Bathed in the flames
For your hatred, your ignorance
You're the symbol of masculinity, a true King Kong
I will stand up for those who've suffered!x6
I will stand up for those who have suffered
Been crucified by your insecurities.x2
You can't say what love is
When you're castrated
FUCKERS!
HATCHES CASTRATING THE FUCKERS!x8
THIS VOICE!
That I've been given
I will use to crush bigotry
And defeat intolerance!
With bodies ablaze, bodies ablaze
MOTHERFUCKER
Sadly no ones,
There to push you in the flames
So throw another stick in...
In the sticks lays your worthless body
Screaming
Keep fucking screaming
I WILL BURN YOU ALL ALIVE!
And with your eyeballs boiling!x3
WHO'S THE FUCKING FAGGOT NOW!!!
