

Marylou

[Anna Rossinelli](#)

I wish I could just end it all right now
I wish I could forgive what you have done
I wish I could just close the door and leave
But to leave I'm much too overloaded I thought you'd be the perfect match for me
You thought I'd be what you want me to be
I can't forgive you all these tragic tears
And the mess you left when you went away Marylou said I won't get my money back
Marylou said stop, it's time to let it drop
Finally she said it's time to face the fact
Marylou said stop, Marylou said stop
I wish we both would get another chance
I wish I could just lie to you and say
You are OK and I will stay with you
But you are what I wanna leave behind Marylou said I won't get my money back
Marylou said stop, it's time to let it drop
Finally she said it's time to face the fact
Marylou said stop, Marylou said stop Marylou said, Marylou said, Marylou said stop
Marylou said, Marylou said, Marylou said stop
Marylou said I won't get my money back
Marylou said stop, it's time to let it drop
Finally she said it's time to face the fact
Don't you hear the clock, it's goin' tick tick tack
