

Why Won't You Tell Me What

[Josh Rouse](#)

Why wont you tell me what?
Why wont you tell me what?
Whats going on with you?
Why wont you tell me what?
Why wont you tell me what?
Whats going on with you?Sparkling eyes, youre trying to hide
I've seen those tears before, I dont think I like them
Give me a sign, some kinda sign
To bring me back around to your way of thinkingWhy wont you tell me what?
Why wont you tell me what?
Whats going on with you?
Why wont you tell me what?
Why wont you tell me what?
Whats going on with you?Wasting my time, my precious time
Whatever it is I wish youd up and say it
Give me a sign, some kinda sign
To bring me back around to your way of thinkingWhy wont you tell me what?
Why wont you tell me what?
Whats going on with you?
Why wont you tell me what?
Why wont you tell me what?
Whats going on
What's going on with you?
