

# The Real Life

## 3 Doors Down

I wanted to find somewhere to hide  
And I opened up and let those fears inside  
And I wanted to be anyone else  
Only to find that there was no one there but me  
But I woke up to the real life  
And I realized it's not worth running from anymore  
When there was nowhere left to hide I found out  
That nothing's real here but I won't stop now  
Until I find a better part of me  
I let those hard days get me down  
And all the things I hate got in my way  
I could've screamed without a sound  
I found myself silenced by those things they say  
But I woke up to the real life  
And I realized it's not worth running from anymore  
When there was nowhere left to hide I found out  
That nothing's real here but I won't stop now  
Until I find a better part of me  
That's out there somewhere  
And it can't be that far away  
That's where I'll find myself  
And I'll find my way out  
That's where I'll find out  
But I woke up to the real life  
And I realized it's not worth running from anymore  
When there was nowhere left to hide I found out  
That nothing's real here but I won't stop now  
Until I find a better part of me
