

# Dearg Doom

## Horslypse

My love is colder than black marble by the sea  
My heart is older than the cold oak tree  
I am the flash of silver in the sun  
When you see me coming you had better  
Run, run, run from Dearg Doom You speak in whispers of the devils I have slain  
By the fire of my silver devil's blade  
And still you dare to flaunt yourself at me  
I don't want you, I don't need you  
I don't love you, can't you see I'm Dearg Doom And when the stars go out  
You can hear me shout  
"Two heads are better than none  
One hundred heads are so much better than one" I'm a boy who was born blind to pain  
And, like a hawk, I'll swoop and swoop again  
I am the flash of hawk eye in the sun  
When you see me coming you had better  
Run, run, run from Dearg Doom
