Always Waiting

The Paris Sisters

My soul is longing
And I'm longing too
See my day time and
See me breakin' throughMy time is coming soon
So I'm waitin'
I'll be waitin'
For you, my friendMy low day burden
That I carry too
My demon hallin'
All the things that I doMy time is coming soon
So I'm waitin'
I'll be waitin'
For you, my friendWho will be stay?
Who is?
Who will be prayin'? For me
They told I stakin'
All the song that's in here
The road they're makin'
Won't take me where I should beMy soul is coming soon
So I'm waitin'
I'll be waitin'
Always waitin'
For you, my friend
