Takes A Lot To Rock You

Dwight Yoakam

Takes a lot to rock you baby
It takes a lot to make you smile
It takes a lot to rock you baby, yeah
You make me crawl the extra mile
So much for wishful thinkin'
So much for beginner's luck
It takes a lot to rock you baby
When it comes to love you're double tough
And it takes a lot to rock you baby
It takes a lot to make you smile
It takes a lot to rock you baby, yeah
You make me crawl the extra mile
Little things that used to please you
Are all the things that I do wrong
It takes a lot to rock you baby
Tried my damnedest all night long
My baby drives a big Rolls Royce
'Cause my baby says she got no choice
And my baby wears big ol' diamond rings
'Cause my baby she says she need them things
Takes a lot to rock you baby
It takes a lot to make you smile
It takes a lot to rock you baby, yeah
You make me crawl the extra mile
Takes a lot to rock you baby
It takes a lot to make you smile
It takes a lot to rock you baby, yeah
You make me crawl the extra mile
Takes a lot to rock you baby, yeah
It takes a lot to make you smile
It takes a lot to rock you baby, yeah
You make me crawl the extra mile
Takes a lot to rock you baby, yeah
It takes a lot to make you smile
It takes a lot to rock you baby, yeah
It takes a lot to make you smile
Takes a lot to rock you baby, yeah
It takes a lot to make you smile
It takes a lot to rock you baby, yeah

It takes a lot to make you smile
