Bitches

Hollywood Undead

Bitches I hope you know
Bitches I hope you know
[Chorus]Bitches I hope you know
I won?t stop 'til I hit that hoe
Baby come say hello
And get your drunk ass over here lets bone
Bitches I hope you know
I won?t stop 'til I hit that hoe
Shorty come say hello
And get your drunk ass over here lets bone
Yo I?m up in the club and the parties jumping
Bitches passin' by and they're eyeball fuckin'
I?m drinking Cristal, now they're trying to kiss me
Saying Funny Man Can you sign my titties?
Now I got four bitches in the back of my rover
The fantastic four saying Funny can I blow ya
Three were preppy and one was scene
So three for me and one for Charlie
This girl's seventeen, now I?m a petifile
Now she's showing me her tits, I think this girls gone wild
I whipped out my dick and her jaw hit the floor
Actin like she never seen a magnum before (Charlie)
Turn off the lights and now I?m gonna film it
Turn on the night vision like she?s Paris Hilton
Funny Man walked in and said Chupar Mi Pito
And she munched on his dick like a moncho burrito (Fuck yeah)
[Chorus]Bitches I hope you know
I won?t stop 'til I hit that hoe
Baby come say hello
And get your drunk ass over here lets bone
Bitches I hope you know
I won?t stop 'til I hit that hoe
Shorty come say hello
And get your drunk ass over here lets bone
Now it's kinda lasting, candle waxin
I like your fat ass, bitch grab my jacket
And Grab a taxi, get in the back seat

Fuck Suck Dick Lick MAN WE NASTY!

Drive fast please cuz this booze is not lasting
One too many shots and I seem to be passing
I think this chick is down
Yes she?s down for the threesome
I call the homie J, just to see if he needs some
Just got back coming from the bar
Rubbing on this chickies titties in the back of her car
But, but your first mistake you said you liked my band
The second was you put my undead dick in your hand
And im takin secret pics on my cellular phone
I got my fingers in places where they don?t belong
Horny as fuck, pressing my luck, get my dick sucked
So bitch give it up (yeah)
[Chorus]Bitches I hope you know
I won?t stop 'til I hit that hoe
Baby come say hello
And get your drunk ass over here lets bone
Bitches I hope you know
I won?t stop 'til I hit that hoe
Shorty come say hello
And get your drunk ass over here lets bone
Lets both get faded cuz you know that I want you
Lets both get naked girl you know that you want to
Baby we can have a party tonight
I wanna hit it cuz I know that it's tight
Baby we can have a party tonight
I wanna hit it all night, all night, all night, all night
[Chorus]Bitches I hope you know
I won?t stop 'til I hit that hoe
Baby come say hello
And get your drunk ass over here lets bone
Bitches I hope you know
I won?t stop 'til I hit that hoe
Shorty come say hello
And get your drunk ass over here
Don?t stop yet I?m almost there
Get your drunk ass over here lets bone
