

Talk That

Verse Simmonds

(intro)

I know u like it when I talk that s**t
(ya'll ready, talk, talk, talk that s**t)
When sweet nothings become everything
(talk to them Verse)

(verse)

Love me good f**k me better
Baby cause that's what were here for
Sloppy kisses make u wetter
Now tell me something that I don't know
Like show me where the spot is
Where u get the hottest
Girl I swear I'm tryna go
And we barely know each other well
So asked me what u wanna know
Cuz love won't make itself baby we gotta make it
Just like a heart can't break itself
Somebody else had to break it
Right now we ain't worried bout that
Cause we came to have a good time
Came to have a good time....

(chorus)x2

Bust that p***y open
Yea i said it
Bust that p***y open
U know u like it when I talk that s**t
Yea u like it when I talk that s**t

(verse2)

Love me good f**k me better
Tell u things that u never
Never knew that u liked...
Don't it make it alright.....
I just wanna make u love me yea, aye
Said I just wanna make u looove me....

(chorus)x2
