

Punkass

Acumen Nation

i messed around with your silly mind
i poked around in your knee deep philosophy
so i made your mama cum, and i stole your shoes
i ate your porridge kid, i ate your porridgewhat do you mean, pride
what do you mean, hide?
neither you nor i can die (unless we want!)whiskey dick in a shanty town
beaver snake in my Snord Gruebens underwear
polio kids for me!
yer talkin crap Merrick, yer talkin crap MERRICK!
how you like me now?
neither you nor i can die (unless we want)
