I Do

J. Valentine

How can you hold me all night and don't even try to do nothing?
Kissing and touching
It's alright but it feels like you wanna do something
Boy you really need to take control
Use your key and come inside your home
No need to waste time
Baby come and love me down
Chorus
Why you acting like you're cool with waitin'?
I know you want it bad won't you just say it
Since you be playing cool, don't wanna make a move
I guess I'll be the one to tell the truth
I've been holding on so patient
It's been killing me the most
Can't take it
So if you're asking if I want it too I do (I do)
I got your body just right I'm bout to give you all of this lovin'
So don't you run now, it's alright
Baby I can keep you comin'
Girl I'm gonna take control
Hope you can handle where I'm 'bout to go
Girl I will never waste time I know you wanna love me down
Chorus
Why you acting like you're cool with waitin'?
I know you want it bad won't you just say it
Since you be playing cool, don't wanna make a move
I guess I'll be the one to tell the truth
I've been holding on so patient
It's been killing me the most
Can't take it
So if you're asking if I want it too I do (I do)
I do
Girl you got me here now
What we talkin' 'bout? (I do)
Let me go and take it down
The way you're body sounds
Tellin' me
Baby I do
Boy I need to know

If you're ready go, go right now
Baby I'ma lay it out for you
Whatever you want I'll do
Ready, ready (Ready)
Yeah ohh
Ready, ready, ready, ready
Yeahh
Yeahh
Chorus
Why you acting like you're cool with waitin'?
I know you want it bad won't you just say it
Since you be playing cool, don't wanna make a move
I guess I'll be the one to tell the truth
I've been holding on so patient
It's been killing me the most
Can't take it
So if you're asking if I want it too I do (I do)
So if you're asking it I want it too I do (I do) X4Miss T x
