Everybody Bleeds The Same

Ferras

If it's fear that you feel
The fear exists on a larger scale
Spin the world and stop it still
Anywhere you land, anyone you kill
You are gonna find that
Everybody bleeds the same
Everybody feels the same pain
And the preachers preach and they write it all down
Like they know but the secret is
Everybody bleeds the same
I am you and you are me
We're the same mistake packaged differently
Who is your God, when you pray?
If you break it down to the DNA
You are gonna find that
Everybody bleeds the same after all
Everybody feels the same pain
And the preachers preach and they write it all down
Like they know but the secret is

Everybody bleeds the same
While soldiers pull the covers over their dead
Roll over to your lover
Say, put your arms around me
Surround me in the darkness
And I'll pray to every God my soul to keep
'Cause I'm never ever gonna get to sleep
Help me dream, I wanna dream forever
Everybody feels the same
And the preachers preach and they write it all down
Like they know but the secret is
Everybody bleeds the same
Dream, I wanna dream forever
Everybody feels the same
Dream, I wanna dream forever
Everybody feels the same
