

The Big Big Beat

Azealia Banks

[Verse 1]

Guess who up in this bitch?
Catch you duckin' this clip
Dick, who want it? My nigga it's nothin'
Them boys young drummers, y'all niggas keep gunnin'
But y'all niggas ain't gutter like me
Look at this bitch, magazine covered and shit
Young, sex seller, yeah, bitch, keep mumblin'
Fuck how ya feel, a young bitch keep thuggin' it
Nigga, I'm still in these streets
Look at this wrist, look at these colorful chips
Look at these tiddies, double D's, it's the double-dutch
I be on the strip, dungarees with the bubble butt
Pumpin' that kiddo, that ki! [Refrain]

A to the B

Dance to the big big beat
Dance to the big big beat with a bitch like
Dance to the big big beat
Dance to the big big beat

A to the B

Dance to the big big beat
Dance to the big big beat
Just like this, the big big beat
Dance to the big big beat [Chorus]

You've been 'round the world
Looking for love in the strangest places
Don't you think it's time you confess your love to me?
Shining diamond

All of your facets you've so many faces
Bet your evil smile'll convince anyone who sees
You've been 'round the world
Looking for love in the strangest places
Don't you think it's time you confess your love to me?
Shining diamond

All of your facets you've so many faces
Bet your evil smile'll convince anyone who sees [Bridge]
Ooh, boy, ooh, boy
Ooh, boy, I think I know just what you need
Ooh, boy, ooh, boy

Ooh, boy, yeah you need a taste of ecstasy
Ooh, boy, ooh, boy
Ooh, boy, I think I know just what you need
Ooh, boy, ooh, boy
Ooh, boy, yeah you need a taste of ecstasy[Verse 2]
Pocket them dividends, christen that bezel
We plottin' on niggas, you pickin' that petal
How could that little young bitch from the ghetto hit the jackpot, ran off with the cash pot!
Keep jockin' this jiggy bitch, jigglin' - hello!
That gymnast body, black feminist rebel
Spend a hundred thou' on the Jesuit medal
Just to prove y'all dudes what it be![Outro]
Just like this
Dance to the big big beat
Just like this
The 1, 2, uh
Dance to the big big beat
Just just like me
The big big beat
Here comes the big bad witch from the big big beat
The big big beat
It's the big big, uh, beat
The big big beat
Here comes the big bad witch from the big big beat
Niggas I'm in these streets
Ice cream, butter roll
Chips with bubble gum
Nails with the tips
Gold chains - what a gutterbutt!
New York City everyday what the fuck is up
Haters, I hit 'em real deep in the jugular
Look at this sex - bet ya wanna fuck
