

# Little Baby

## The D4

[1st Verse]

You see me baby

And you say , " See me after the show . "

Or maybe later , but I gotta go .

You say , " Come over my house ,

I got the whole loaded . "

Alright , shake little baby and show me what you got [Chorus]

Show me what you got [x7] [2nd Verse]

She calls me on the phone

Sweet talking her lust

I said , " Hold back now , baby

You're just way too much . "

She says , " Well , I'm gonna go uptown .

Ready or not ! "

And she did her ,ew

And she showed me what she got [Chorus]

Show me what you got [x6]

Little Baby [3rd Verse]

She got me standing there

Neck up to the bar

And she said ,

" You and I riding in my car . "

Slow down , honey

You're driving too fast

She said , " No way ,

Grab the wheel , step foot

Gonna step on your gas "

And show you what I got ! Show me what you got [x15]
