

# Roll Em Pete

## Johnson, Pete-Turner, Joe

Well, I got a gal, she lives up on the hill

Well, I got a gal, she lives up on the hill

Well, this woman's tryin' to quit me, Lord, but I love her still

She's got eyes like diamonds, they shine like Klondike gold

She's got eyes like diamonds, they shine like Klondike gold

Ev'ry time she loves me, she sends my mellow soul

Well, you're so beautiful, you've got to die someday

Well, you're so beautiful, you've got to die someday

All I want's a little loving, just before you pass away

Pretty baby, I'm goin' away and leave you by yourself

Pretty baby, I'm goin' away and leave you by yourself

You've mistreated me, now you can mistreat somebody else
