Stand Up

Adrienne Bailon

Whatcha waitin' for yo
Everything is here and now, all around
So don't be shy it's time to partyGet your back up off the wall
You know what ya came here for, for sure
So don't be late let's get it startedLean back, walk it out
Two steppin's what it's all about
Uhh, c'mon, rock with it nowStand up now everybody
Stand up and celebrate
Make now the best time of your life
That's rightStand up and feel the rhythm
Stand out in your own way
You'll never really know until you try
So let me see ya stand up
So let me see ya stand up
Oh, oh, oh, oh, oh, oh, stand up
Oh, oh, oh, ohOpen invitation
Now you're ready set and go, you know
This party's gonna be the drop offEast, west, north and south
Everybody in the house, come on
'Cause once we start you know we don't stopLean back, walk it out
Two steppin's what it's all about
Uh c'mon, rock with it nowStand up now everybody
Stand up and celebrate
Make now the best time of your life
That's rightStand up and feel the rhythm
Stand out in your own way
You'll never really know until you try
So let me see ya stand up
So let me see ya stand up
Oh, oh, oh, oh, oh, oh, stand up
Oh, oh, oh, ohOh, oh, oh, oh, oh, oh, oh, oh
Oh, oh, oh, oh, oh, oh, oh
Oh, oh, oh, oh, oh, oh, oh
Oh, oh, oh, oh, oh, oh, ohStand up now everybody
Stand up and celebrate
Make now the best time of your life
That's rightStand up and feel the rhythm
Stand out in your own way
You'll never really know until you try

So let me see ya stand up
Oh, oh, oh, oh, oh, oh, stand up
Oh, oh, oh, oh
Everybody stand up
