

I Can't Let You Go (Dave McCullen Club Mix)

Ian Van Dahl

Since you're gone
Everything looks so empty
Without you
Nights are so cold Can you tell
Tell me how to convince you
Please come back
I won't let you down I won't let you down I can't let you go
Why can't you stay
I still wonder why
I can't let you go
Why can't you stay
Give it one more try
I can't let you go I can't let you go And I hope
One day you will forgive me
If I could
I would turn back time Don't you know
That I'm thinking about you
If you knew
Would you change your mind Would you change your mind I can't let you go
Why can't you stay
I still wonder why
I can't let you go
Why can't you stay
Give it one more try I can't let you go I can't let you go
