You

Evanescence

The words have been drained from this pencil
Sweet words that I want to give you
And I can't sleep
I need to tell you
Goodnight
When we're together, I feel perfect
When I'm pulled away from you, I fall apart
All you say is sacred to me
Your eyes are so blue
I can't look away
As we lay in the stillness
You whisper to me
"Amy, marry me

Promise you'll stay with me"
Oh you don't have to ask me
You know you're all that I live for
You know I'd die just to hold you
Stay with you
Somehow I'll show you
That you are my night sky
I've always been right behind you
Now I'll always be right beside you
So many nights I cried myself to sleep
Now that you love me, I love myself
I never thought I would say this
I never thought there'd be
You
