Yeah, understand, baby girl, I ain't trippin' off the otha man

Boy hit me like a bitch, so I neva care  
Cuz a man who's a bitch is just not a man  
She wanna be friends, on the otha hand  
She think I'm a pimp and I understand  
And she don't only get her?  
On the otha hand, girl caught me there(?)  
I get the touchin' you just let me feel  
Excuse me, girl, I'm rollin' out frontier  
He in the feelin', tellin' niggas to chill  
Fo' real, if you gots to know, I'm ridin' with my bitch  
If you gots to know, she comment tho  
She text me and be like whateva  
And that's on nothin' like I gotta text it  
We get together, we fuckin' whateva  
If we get together we fuckin' like rabbits  
Now we get together it felt like we married
