

# One Summer Night

## Ariel Pink

One summer night  
I will call you up  
Summer night  
You will fall in love  
Now that you're gone  
I can't go living every night  
When I ask you to be my bride  
Forever ever more

One summer night  
I will break your love  
Summer night  
I will miss your love  
Now that you're gone  
I can't go living every night  
When i ask you to be my bride  
Forever ever more

Fantasies and fallacies  
Are fairy tales and lies  
Time is running out  
Yeah  
Better write these lines

One summer night  
I will call you up  
Summer night  
You will fall in love  
Now that you're gone  
I can't go living every night  
When I ask you to be my bride  
Forever ever more

Fantasies and fallacies  
Are fairy tales and lies  
Time is running out  
Yeah  
Better write these lines  
Happy days of childlike bliss  
Of innocence and lies

Time is running out  
Yeah  
Better write down these lines  
---
