

# Slow Life

## Grizzly Bear

I think I know whats on your mind  
A couple words, a great divide  
Waiting in the wings, a small respite  
Crowding up the foreground from behind Even though youre the only one I see  
It's the last catastrophe  
Place your bets on chance and apathy Take anything you want, its fine  
Keep up the slow life for the night  
Dont take it back, Ill just deny  
This constant noise all the time Even though youre the only one I see  
It's the last catastrophe  
Place your bets on chance and apathy  
From the wind in front of me Even though youre the only one I see  
It's the last catastrophe  
Place your bets on chance and apathy  
From the wind in front of me Even though you're the only one I see
