

Faithful (Feat. Craig Aven)

CeCe Winans

You will never leave
You will stay with me
You will never change Your mind
And you have been right there
And you have always cared
You've been faithful Lord
When others they turn away
Jesus You remain
See You're the closest friend that I know
And through my guilt and my shame
You have loved me the same
You've been faithful
You've been faithful
And I will trust in You alone
You're the reason that I hold
I surrender all of me
Oh Jesus, Precious Jesus You will never leave
You will stay with me
You will never change Your mind
You have been right there
You have always cared
You've been faithful
You've been faithful And I will trust in You alone
You're the reason that I hold
I surrender all of me I will trust in You alone
You're the reason that I hold
I surrender all of me
I surrender all of me
Oh Jesus, oh Jesus
I will trust in You alone
You're the reason that I hold
The reason
