

God Damned

Girls

Obsession is my favorite drug
I know I just can't get enough
Cause I want ya
And I'll be goddamned if I give up at the start
I'll make you hot, I'm makin' a scene
Just give all your attention to me
Cause I want ya
And I'll be goddamned if I give up at the start

Oh yeah
Alright

Give me the chance and I'll blow your top
Just let me in and I'll never stop
Cause I want ya
And I'll be goddamned if I give up at the start
So go ahead and play hard to get
Cause I just get a kick out of it
And I want ya
And I'll be goddamned if I give up at the start

Alright
Oh yeah
