

Take Me (As You Found Me) - Live

Anberlin

The ground is shaking underneath, now that you're here
A body's skipping beats when you appear
The world is on fire, since you've come here
What if every desire is here with me? You're here with me
You're here with me

You're here with me Take me as you found me

Take me as you found me

Or leave me to die

Leave me wanting

Leave me wanting

The rest of your life Who's gonna drink my blood, now that you're gone

Who's gonna ride up my roads now that you're gone?

Who's gonna tear my flesh with a siren song?

Now that you're gone

And now that you're gone Take me as you found me

Take me as you found me

Or leave me tonight

Leave me wanting

Leave me wanting

The rest of your life Take me as you found me

Take me as you found me

Or leave me to die

Leave me wanting

Leave me wanting

The rest of your life The rest of your life You left me stranded

Oh, now that you're gone

Don't leave me standing

Oh, here all alone Take me as you found me

Take me as you found me

Or leave me tonight

Leave me wanting

Leave me wanting

The rest of your life Take me as you found me

Take me as you found me

Or leave me to die

Leave me wanting

Leave me wanting

The rest of your life

The rest of your life
