Let's Go All the Way (Re-Recorded)

Norma Jean

Oh, let's go all the way
When you love half way someone's got to pay
I won't accept the part of you so let's go all the way
Love me day and night and I'll know it's right
Love me till I hear you say, oh, let's go all the wayAll the way means happiness living side by side
Half way means the heartbreak if one of us should lie
Just give me a clue that you love me too
Hold me in your arms and say, oh, let's go all the wayThe first time I met you I knew that I'd be true
Want you lay my wedding day and let's go all the way
Let's you and I pretend our love would never end
Tell me you'll be mine today, oh, let's go all the wayAll the way means happiness living side by side
Half way means the heartbreak if one of us should lie
Just give me a clue that you love me too
Hold me in your arms and say, oh, let's go all the way
