## Ten

## **Rich Homie Quan**

We left behind the busy crowd
So it seems we slow down
Meet me with a way out through the lies
Nowhere, going nowhere in the fake yellow light

Blame no one

Blame no one

The feelings change so fast

Safety scares them away

I can't bring myself to say it's my own advice I need Nowhere and then nowhere living trapped inside the chase

Blame no one

Blame no one

Blame no one

Blame no one

Our weekness is the same

We need poison sometimes

Our weekness is the same

We need poison sometimes

So take another drink with me

Blame no one

Blame no one

Look in my eyes and

Blame no one

Blame no one
