Heaven Is Wrapped In Chains

Cinema Bizarre

Nobody hurts me like you do
Nobody knows me as well as you
I'm staring out into the blue
I'm sorting files of what we knew
My future's lost - My future's torn
My disappointment knows it all
I'm stuck-I'm locked-I'm paralysed
The gate is closed-I'm left outside
Heaven is wrapped in chains
I wanna get in - you won't let me
Heaven is wrapped in chains
And I just cannot find the key
Behind those walls-Behind those gates
Gardens so pure and lights so great
Am I too high - A step too low

I played the role you told me so
I'm stuck-I'm locked-I'm paralysed
The gate is closed-I'm left outside
Heaven is wrapped in chains
I wanna get in - you won't let me
Heaven is wrapped in chains
And I just cannot find the key
And in time I will try to find the right time
At least it helps to comprehend
Oh silence my best friend
Heaven is wrapped in chains
I wanna get in - you won't let me
Heaven is wrapped in chains
And I just cannot find the key
