

Wanna

BRONCHO

Wanna wake upShe got the world
Got the whole wide world
In her world wide world wide handsShe got the stuff
Got the stuff you stuff
In her whole wide whole wide handsAnd it ain't even that she needs
Sunglasses
I was not so I was no so
And I ain't even in to being passive
I was not so I was not soBut you wanna wake upYou got the best and I will invest
And we're pushin pushin tenI need the best
And I need a test
But I will not be in himI love your body
And I love somebody
I was not so I was not soBut if you wanna wake upLittle fit I remember it
I wasn't speakin up
For a little bit
I wasn't breathin
Wasn't evenYou wanna wake up
