Streamline

Paul Taylor

I wasn't there for you
I wasn't there for you
I know weather's gonna be fine
But I can see you across the streamline
My love waits for me in daytime
But I can see you through the snow blind
But I wasn't there for you
You are gone
But I wasn't there for you
Goodbyes are long
Goodbye
But I wasn't there for you
Goodbye
I wasn't there for goodbye
I wasn't there for goodbye
I know time reveals in hindsight
I can hand wrestle with the stormy night
Because your love lasts a lifetime
But I can see you through the snow blind
But I wasn't there for you
You are gone
But I wasn't there for you
Goodbyes are long
You are gone
But I wasn't there for you
Goodbyes are long
But I wasn't there for you
Goodbye
I wasn't there for you
I wasn't there
I wasn't there for you
But I wasn't there for you
You are gone
But I wasn't there for you
Goodbyes are long
Goodbye, goodbye
