Never Let It Go

Aquanote

There was something in the air tonight
My heart was open, I was feeling no light
Life had never felt so new
The moon was rising, my eyes fell on to youSomething happened that changed me forever
I wanna be with you, take me wherever
I gotta know if you feel the same way tooNever let it go
Never let it go
Never let it goIt took me by my destiny
Opened my soul to sensuality
Never had a love so true
The sun was rising, is worth loving youAll there was, everything became clearer
Seeing you in myself like a mirror
All that part of me I never knewNever let it go
Never let it go
Never let it goAnd when the time is runnin' down
And time was runnin' out
Never let it go
