

Let It Slide

No Use for a Name

I spend a day and night
then finally realize
theres really nothing going on
so why should i try to shake this
when theres no one in my dreams
that i should care about
let it fall
let it be
let is rise
let tomorrow come
and take my time away
i see the world go by
and let it slide
and watch my friends get high
i really dont care whos to blame
and waste away my timethey love to point fingers at you
'cause theres nothing else to do
